WORK EXPERIENCE

Endodontic Associate

ONE Endo (Mamaroneck, NY) | Sept 2022 – Present

- Provides diagnosis, management and treatment of patients requiring endodontic care in private practice setting
- Utilizes cutting-edge GentleWave Technology to disinfect and clean root canal systems of teeth
- Performs routine and complex endodontic procedures and apicoectomies using microscope and CBCT imaging

Resident Dentist (Endodontic Residency)

NYU Langone Brooklyn Hospital (Brooklyn, NY) | July 2020 – July 2022

- Worked as 1 of 6 endodontic residents, using microscope and CBCT to provide endodontic therapy and microsurgery
- Collaborated with pediatric dentists and anesthesiologists to perform endodontic procedures on pediatric patients in the operating room
- Participated in weekly review of classic and contemporary literature

General Dentist (Endodontic Focus)

Ralph Avenue Dental Care (Brooklyn, NY) | Sept 2020 – July 2022

- Worked as general dentist and provides endodontic-focused treatment, specifically non-surgical root canals and retreatment

Lead Dentist

Montclair Clinica Medica Familiar (Montclair, CA) | May 2019 – May 2020

- Worked as solo dental practitioner in interdisciplinary health clinic that caters to Spanish speaking populations
- Diagnosed, treated and managed oral healthcare needs including third molar extractions, restorative work, endodontic therapy, and removable appliances

Lead Dentist

Chien & Li Dental Clinic (Monterey Park, CA) | May 2019 – May 2020

- Utilized proficient Mandarin Chinese speaking skills to deliver comprehensive dental care in private practice setting that mainly serves an Asian population
- Provided services including impacted wisdom teeth removal, molar endodontic treatment and implant restorations

Associate Dentist

Smile Brands (Los Angeles, CA) | August 2018 – May 2019

- Worked in fast-paced, 14-operator corporate practice that served Denti-Cal, HMO, PPO and FFS pediatric and adult patients
- Provided dental care including but not limited to comprehensive treatment planning, crown-and-bridge, surgical extractions and endodontic therapy

Associate Dentist

Downtown Dental (Los Angeles, CA) | August 2018 – May 2019

- Performed comprehensive dental care in private practice that accepted primarily FFS and PPO patients
- Worked with CEREC CAD/CAM to deliver same-day crowns and veneers

Resident Dentist (Advanced Education of General Dentistry)

El Rio Community Health Center (Tucson, AZ) | July 2017 – June 2018

- Provided comprehensive dental care to patients of diverse age and socio-economic background
- Performed complex procedures including molar root canal treatment, alveoloplasty, implant placement, full mouth extractions, bone grafts and sedation dentistry with an anesthesiologist
- Earned the El Rio “Excellence in Dentistry” award that is given to the top performing resident

EDUCATION

University of the Pacific, Arthur A. Dugoni School of Dentistry

(San Francisco, CA) | July 2014 – June 2017

Doctor of Dental Surgery

California State University, East Bay

(Hayward, CA) | Sept. 2012 – Dec. 2013

Post-Baccalaureate Certificate, GPA 3.89

University of California, San Diego

(La Jolla, CA) | Sept. 2008 – Mar. 2012

Bachelor of Science in General Biology, Provost’s Honors Distinction

INTEREST IN ENDODONTICS

Mandibular Molar Microsurgical Workshop (Didactic and Hands-On) at AAE 2022

Participant (Phoenix, CA) | April 2022

- Listened to lectures by Dr. Mamoud Torabinejad, Dr. Adham Azim, and Dr. Mohamed Fayad on the topics of diagnosis and treatment planning, case selection using CBCT, flap design, targeted apical microsurgery, suturing, wound healing and prognosis of endodontic microsurgical procedures
- Used mobile scope, handpiece and ultrasonic to perform simulated mandibular molar microsurgery on Typodont teeth, including placement of sutures

Dr. John West’s “Mini Residency in Endodontics”

Participant (San Francisco, CA) | Mar. 2019

- Participated in 4-day hands on course that taught cleaning and shaping, 3-D obturation and use of surgical microscopes
- Worked one-on-one with Dr. John West & Dr. Jordan West to learn use of ProTaper Gold on extracted teeth
- Practiced tactile techniques in navigating through blocks and calcified cases
- Learned about different instruments and disinfection techniques utilized by endodontists

American Association of Endodontics Annual Meeting

Attendee (Los Angeles, California) | April 2024

- Listened to lectures on topics ranging from trauma, outcomes, pulpal and periradicular disease, pain to regeneration
- Attended Dr. Terauchi’s lecture and learned about specialized devices and techniques used to retrieve separated instruments
- Gained insight on the future and value of endodontics as a specialty in oral healthcare

CLINICAL EXPERIENCE & COMMUNITY SERVICE

CDA Cares

Volunteer Dentist (Solano, CA) | Mar. 2019

- Performed free restorative and extraction services to patients with low income and limited access to care

Native American Health Center

Extern Student Dentist (San Francisco, CA) | June 2016 – June 2017

- Provided restorative, prophylaxis and extraction services to Native Americans and other underserved communities

Annual Chinatown Community Health Fair

Student Volunteer & Translator (San Francisco, CA) | Sept. 2013, Oct. 2014, Aug. 2015, Oct. 2015, Oct. 2016

- Provided free dental screenings, oral health instruction and dental education for lower income Asian population

Project Homeless

Student Volunteer & Translator (San Francisco, CA) | Mar. 2016

- Helped conduct screenings for more than 800 homeless San Franciscans and organized transportation to UOP Oral Surgery clinic and local free clinics

University of California San Diego, Pre-Dental Society

Student Dental Assistant (La Jolla, CA) | Sept. 2010 – June 2012

- Volunteered as chairside assistant at student-run dental clinics for the economically disadvantaged

MISSION TRIPS

Friends of the Cambodian Child's Dream Organization (CCDO)

Student Volunteer (Siem Reap, Cambodia) | Mar. 2013

- Established a mobile dental clinic with New Zealand dentists to provide sealant placement and extraction services for over 750 elementary school children
- Gained awareness of cultural differences and understanding of the lack of access to healthcare abroad
- Promoted sustainable village development by contributing the construction of communal water wells
- Helped organize weekly workshops with topics on health and hygiene, domestic violence, family planning, and nutrition

Global Medical & Dental Brigades

Student Volunteer (Tegucigalpa, Honduras) | Mar. 2011

- Worked with UCLA chapter and bilingual health professionals to run a mobile health clinic that served over 500 members of a rural village
- Learned about the healthcare infrastructure of third world countries and spread oral health awareness through interactive games with adults and children

LEADERSHIP

American Student Dental Association

Communications & Marketing Chair (San Francisco, CA) | Mar. 2015 – Mar. 2016

- Designed and managed website dedicated to the student voice of the six California dental schools
- Generated meaningful content to share amongst dental students while developing leadership and communication skills; content included - education on debt management, licensure, career transition

Peking University School of Stomatology Exchange

Student Representative (Beijing, China) | Mar. 2015

- Served as 1 of only 7 University of the Pacific student body representatives in Peking University's exchange program
- Observed faculty members in surgery and attended lectures with Peking University students
- Learned about differences in didactic and clinical training while furthering knowledge in surgery techniques
- Expanded breadth of knowledge in pre and post surgical patient care
